Since 1996, MEMS has been a leader in the healthcare industry helping clients identify, implement, and successfully develop win-win strategies and relationships with their clients. MEMS is a leader in providing comprehensive professional promotion and educational management services. MEMS creates an opportunity for industry and professional associations to gain new perspectives by outsourcing strategic planning initiatives, continuing medical education (CME) management, event planning and meeting planning services.

MEMS' mission is to further the advancement of clinical competencies for key healthcare professionals and to improve quality healthcare to consumers.

MEMS has a solid foundation of current industry compliance issues and is skilled at keeping promotional and educational initiatives clearly focused and appropriately separated. MEMS maintains the highest standards essential for CME accreditation.

MEMS is...

A specialist in broad healthcare industry liaison initiatives

An expert on aligning positive healthcare incentives

A catalyst for communication and productive partnering

We bring together clinical and economic strategies from managed health care, specialty pharmacy, pharmaceutical industry, manufacturers, provider and patient healthcare environments. We are proud to be providing these services while effectively doing our part to keep overall healthcare expenses down.
