

MEMS, dedicated to providing unmatched quality continuing medical education to healthcare professionals, along with... Raesoft Technologies an IT solutions & Engineering consultancy have come together to meet the growing need for a unique and innovative distance learning solution for the healthcare community.

RaeStream

On-line learning on your terms:

Leveraging the best of on-line learning

RaeStream is the right solution for you ...

Audio & In Sync Video Streaming

- ✦ Face-to-face communication connecting presenters with their audience.

PowerPoint Presentation

- ✦ Viewer controlled PowerPoint presentations allow you to leverage this unique interactive presentation tool without your user having to have the software to view it

Verification of Interaction

- ✦ **How do you know they were paying attention? With our viewer controls, you'll have proof they not only were present but they paid attention as well.**

On-Demand Presentations

- ✦ Your presentation can be viewed at any given time and place.

Controlled and Secure Access

- ✦ Your information is User ID and password protected and will provide you with a peace of mind when sharing information you consider proprietary.

E-Commerce configurable

- ✦ You, the presenter, can decide to charge for access, or provide access in exchange for viewers information to contact them at a later point.

What are the benefits of online instructions?

- ✦ Expand your geographic reach and broaden your audience
- ✦ Share information otherwise unavailable
- ✦ Increase audience interaction
- ✦ Immediate ROI, reduce logistical costs of presenting
- ✦ Provide additional passive revenue
- ✦ **Save time and precious resources**
