

## *Team Up With your Patients to Increase Adherence*

<b>Objectives</b>	This seminar will give you case studies and assessment tools you can use to promote proactive, patient-centered interventions.
<b>Overview (outline)</b>	<p>What obstacles will your patients face, when they try to follow their treatment plan? Learn to increase adherence by proactively finding obstacles.</p> <p>Note: This program and “Escaping the Black Holes” can be presented to a general audience of mixed health care providers, or customized for case managers. These programs can be combined to create two related breakout sessions or one half-day seminar.</p>
