

**Speaker / Bio:**

**Danielle Sunday Dimieri**  
**LICSW, CCBT, CCM, C-ASWCM**

In her current position for BCBSMA, Sunday is the Senior High Risk Case Manager and Resource Case Manager in the Psychiatric Department with the responsibility of incorporating and coordinating care with the Mental Health and Medical Case Management Departments, as well as handling a case load for High Risk Case Management. She also serves as the Educational Chair for the Case Management programs offered at BCBSMA. Sunday also maintains a private Case Management and Consulting practice, Dimieri & Associates, and lectures widely to nurses, social workers, and other medical professionals on the role and importance of Case Management throughout the continuum. Ms. Dimieri received her bachelor's degree in psychoneuroimmunology in 1992 from Simmons College, then continued her education at the same institution and received her master's degree in social work in 1994. She is a licensed independent clinical social worker, and holds certifications as a case manager, a cognitive behavioral therapist, and as an advanced clinical social work case manager. Sunday is the first case manager to represent BCBSMA in television and radio commercial advertising.
